For slip-fit shower arm, pipe must extend 2" (51 mm) to 4" (102 mm) beyond the finished wall.

Installation

- Trim only; requires valve to complete installation (sold separately)

Installation Notes

Install this product according to the installation instructions.

Install the product according to the installation guide.

For use with showerheads or handsprays rated at 0 gal/min (0 l/min) or higher.

NOTICE: Risk of product damage. Long screws for installing trim can damage the K-2971-KS valve. Consult the trim installation guide to verify if the thin wall installation kit (88526) is needed.
